EXPERIENCE

FRONT-END DEVELOPER

Think4 Comunicação

2021 - Present

- Experience as a Front-End Developer, utilizing technologies such as HTML, CSS, Sass, JavaScript, and jQuery for updating and implementing pages and features for major clients like Nike.
- Developed Email Marketing campaigns.
- Employed the Kanban methodology for task management through the RunRun platform.
- Applied analytical thinking to solve tasks assigned by the project team.
- Implemented SEO-friendly pages.

FRONT-END DEVELOPER

Freelancer

May de 2021 - November 2021

- Experience as a Freelance Developer with a focus on learning and applying Web Development concepts, using technologies such as HTML, CSS, JavaScript, and Git. During this period, I participated in simple projects as a programmer, through which I gained valuable knowledge and gained a better understanding of the market and the field.
